(inc. VAT @ 20%)

* INDICATIVE POSTAGE RATES

Within Great Britain:

We generally use Royal Mail. For small parcels weighing up to 2 kg, sent by 2nd class post using their Tracked 48 service, we currently charge £4.70; for larger consignments, we might split these into more than one parcel.

Elsewhere within the world: Unfortunately, we shall not be in a position to export bulbs outwith the United Kingdom this year. Potential customers from Northern Ireland should contact us to discuss possible arrangements.

All payment in sterling (GB Pounds) please

In case stock has sold out or there are problems with supply, we prefer, rather than accept payment with order, to issue invoices after lifting in June-July and then to despatch bulbs, on receipt of payment, between late July and early September.

Methods of payment will be notified during invoicing; we regret we cannot accept card payments.
